

Lions Alert Report for the 3rd Cabinet Meeting

Fortunately, there have been no disasters recently that we have been called to assist with.

We attended the Multi-County VOAD meeting on October 4th at DFW Airport. One or both of us have attended each of the monthly Dallas County and Collin County meetings held in the last quarter.

We continue to network with Dallas County and Collin County Emergency Preparedness groups to make it well known that we stand ready to participate in any drills or planning sessions that are upcoming. Additionally, Office of Emergency Management staff from various cities are looking at the Lions to spearhead the VRC for their cities.

Lions Ron Harrison and Roy Chirayil

Co-Chairs, Lions Alert
