

Good morning, Lions Leaders,

For your kind information, we have scheduled a Certified Guiding Lions Training for Saturday, May 11th, 2024. This training will provide comprehensive knowledge of leadership skills aimed at growing club membership, sponsoring new clubs, and understanding chartering plans and procedures.

In our district, there are numerous struggling clubs that could greatly benefit from guidance and support. Therefore, I urge you to plan to attend this training session if you are interested and obtain your certification from LCI, which will be valid for 2 years.

If you know of any other Lions leaders who may be interested, please encourage them to attend as well.

I have attached the flyer and application for your information. Additionally, I have attached the currently assigned Guiding Lions List and a past due listing of those who previously completed CGL training.

Please send your confirmation of attendance as soon as possible to IPDG Fred Conger.

Your support is always appreciated.

Best regards,

**DGE Radha K. Kaphle
