Lions, please share this to the highest level. We need this to reach everyone who is planning to attend the build. It will make check-in go so much smoother and give us a very good head count of your participation.

Hello Lions of DFW. We are greatly looking forward to your upcoming bed build on March 22 in Historic Getzendaner Park in Waxahachie. Please bring your own Personal Protective Equipment as supplies will be limited on our part. The following link is to our registration waiver form and will make your check-in

experience much more pleasurable since wifi availability in the park is limited. We are looking forward to working with you to build 100 beds for kids in the DFW area that does not have one.
