

Voice Symposium

As we entered the month of March, the district successfully hosted the Voice Symposium. We extend sincere appreciation to all Lions who attended and contributed to the meaningful discussions and shared learning experiences. The event reflected the strength of our district through collaboration, leadership development, and the encouragement of diverse voices within Lionism.

Membership & Club Engagement

March has been an important period for reinforcing membership retention and engagement. While membership growth remains essential, sustaining strong and healthy clubs depends on supporting and valuing our current members. Clubs are encouraged to continue fostering inclusive environments, promoting leadership opportunities, and ensuring new members receive proper orientation and mentorship. Active engagement remains a key factor in maintaining vibrant and sustainable clubs.

Build the Bed Project – District Service Success

The district's **Build the Bed Project**, held on March 14, was a significant success. Lions, Leos, and volunteers from across the district came together in service to support children in need within our communities. Through teamwork and dedication, the event demonstrated the powerful impact Lions can achieve when united in hands-on service.

This project not only provided essential resources to families but also strengthened fellowship among clubs and increased community visibility of Lionism. The success of this initiative serves as an excellent example of how collaborative district service projects can make a lasting difference. Clubs are encouraged to continue supporting and participating in future district-wide service opportunities as we expand our impact throughout our communities.

Leadership Development & Year-End Preparation

As we move toward the conclusion of the Lions year, clubs should focus on leadership continuity and preparation by:

- Encouraging participation in officer training,
- Promoting member education through the Lions Learning Center,
- Supporting LCIF initiatives, and
- Preparing incoming leaders for a successful transition.

Working on few new club to serve the community

Strong leadership preparation ensures continued club stability and future growth.

Upcoming District Convention – April

The District Convention scheduled for April remains a key upcoming event for our district. This annual gathering provides opportunities for fellowship, recognition of service achievements, leadership development, and completion of district business. Clubs are encouraged to promote attendance, finalize registrations, and prepare voting delegates accordingly. The convention will allow Lions to celebrate accomplishments of the current year while planning for continued success in the year ahead.
