   - Strengthen club participation and communication
   - Encourage membership growth
   - Promote service projects and LCIF support

Zone Chair's Message:
"Together, we can build stronger clubs, grow our membership, and serve our communities with greater impact."
   - We have scheduled a combined zone meeting (Zone 5, 6 and 7)
   - Communicated with **Dallas Cyber Rescue Club** for the Club's dues. I continuously was on contact with club president, secretary and treasurer.
   - Communicated with **Grand Prairie Host Family** Lions club for the club dues and help to settle their dues and suggested for their confusion on duplicate payment for the same members and advised talking with jo Montang for further assistance.

In summary:
I followed up with several Zone 6 clubs yesterday regarding their outstanding dues:

- Dallas Cyber RESCUE Club: I spoke with the treasurer by phone and also called the president, but he did not answer. The treasurer said he would discuss the dues with the club's leadership. I am awaiting his response, and payment before October 15, 2026, remains uncertain.
- Grand Prairie Host Family: The president returned my call and expressed some confusion about the outstanding balance. I recommended contacting Lion Joseph Montag (Cabinet Treasurer) for clarification. The club is currently working to settle its dues.
- DFW Cyber: President Taylor Bunn confirmed by email that the club owes $601 to LCI and plans to pay it in full by October 19, 2026. The club also owes $1,000 to the district and hopes to settle that balance by the end of December.

Dallas Cyber RESCUE Club remains my primary concern. I will keep you informed of any further progress.
